

BOSTON DOWN | IP65 OUTDOOR LED - POLYCARBONATE

Features

- Easy-to-install round downward light fitting for ground and area illumination.
- Provides excellent lighting for paths along house walls and gardens.
- Boston2 variant projects light to the ground and soffit areas, suitable for two-story structures.
- Enhances the home's premium appearance when operational at night.
- Made from rust-resistant, corrosion-resistant, and paint-fade-proof polycarbonate paintable UV-stabilized acrylic plastic, ideal for coastal and salt spray locations.
- Operates at 240 volts, with 4 watts (2x 4 watts for Boston2), producing 280 lumens per LED, emitting a warm 3500K color temperature using long-lasting high-quality LED chips.
- Compact dimensions: 75mm wide, 155mm wide, and 98mm deep.
