

IP65 WEATHERPROOF MCB ENCLOSURES

Features

- Popular surface mount IP65 weatherproof enclosures designed for tight spaces.
- Slim profile allows easy fitting into most outdoor meter boxes and cabinets.
- Designed to fit existing switchboards and suitable for outdoor lighting, spa pools, pumps, and sub-tenant fit-outs.
- Removable busbar carriage simplifies cable and MCB connections before final installation.
- Made from IP65-rated UV stabilized ABS plastic for durability in various weather conditions.
- Grey body in RAL7035 with a clear smokey lid for a sleek appearance.
- Supplied with earth, neutral, and RCD bars, featuring 12mmx8mm single screw brass earth bars with a 96mm² cross section, and a sturdy steel din rail for added strength.
- 63 Amp, 230 Volt.
- Removeable busbar carriage for easy wiring prior to final installation.
- Pre-molded cable entries
